OF

FLORISTS' STOCK

The
New
Florist's
Flower

Swainsonia Galegifolia Alba.

WEBSTER BROS.,

HAMILTON, ONT.

To our Customers in the Trade.

WE take this opportunity to thank our many friends in the Canadian Florist trade for the liberal share of patronage extended to us during the past season, and to solicit a continuance of the same. It is our aim and desire to supply good stock at fair prices, grown in comparatively cool houses, thus plants are not only better adapted to withstand the effects of a winter trip but they start more quickly when received than if grown in a higher temperature. We mail to every Canadian Florist a copy of our retail list, which it will be observed is more comprehensive. The demands of our retail trade prevent us listing many of the varieties to the trade, but we will gladly quote for anything we may be in a position to offer, should we be requested to do so, upon a basis approximating $33\frac{1}{3}$ per cent. discount from the Retail List.

READ CAREFULLY.

This list is intended only for Florists and Dealers, and prices are not subject to any discount.

Our System of Packing is so perfect that although we send hundreds of packages out during the cold weather, we rarely have plants injured by frost when sent by express.

Plants by Mail.—At the rates per single plant we will send my mail, postage paid. At per dozen and one hundred, one-fifth additional; but we would earnestly recommend, when it is possible, to have your plants sent by express.

Remittances can be made from any post office in Canada by registered letter, and from most of them by P. O. order, at a cost of five cents for registered letter, and two cents and upwards for P. O. order.

Express Co.'s Money Order can be procured for five cents for sums less than \$5.00. This is a safe and convenient way to remit.

Conditions of Sale—Not less than twenty-five at hundred prices, and not less than five of each variety. Not less than three of any variety at dozen prices.

Everything labeled except where otherwise mentioned.

No Rooted Cuttings—We have had numerous enquiries for rooted cuttings of various plants. We take this opportunity of saying that we do not supply any rooted cuttings.

Single Plants of any variety offered in this list will be supplied at a discount of $33\frac{1}{3}$ per cent. from retail prices (see our retail catalogue.)

A Discount of $33\frac{1}{3}$ per cent. from retail prices will be allowed on any plants which we do not offer at wholesale.

Terms—Our terms are STRICTLY CASH. It will be readily seen that at our prices we cannot afford to take any risks. Special pains are taken to pack as lightly as is consistent with safety from frost, thereby reducing the expense of transportation to a minimum.

LOWER EXPRESS RATES.

All our Express Companies will now carry plants in enclosed packages at a reduction of 20 per cent. from general rates, and also at what is known as pound rates. Thus, if the general rate is \$4.00 per 100 lbs., the rate on plants will be \$3.20 per 100 lbs., or three and two tenth cents. per lb., the minimum charge however being 35c.

CHAMPION OF THE WORLD.

New Roses

AND

ROSES OF SPECIAL MERIT.

Champion of the World—A hardy ever-blooming Rose, now very generally known. It is claimed for it by the introducer that it is Champion in hardiness, fragrance, vigor, form and color, also for winter blooming. This is a broad claim, nevertheless it is decidedly a useful Rose. We believe that its chief value to the florist lies in its being an easily grown pot Rose, growing and blooming freely after it has been transferred from the greenhouse to the window garden. 60 cents per doz.

New Tea Rose, Medea—Flowers bright lemon yellow with canary yellow centres. Very full buds, with high centres, foliage dark and thick. This variety produces most of its buds of immense size, and very double. In foliage, general habit and color it much resembles Perle, recommended as a forcing Rose. 70 cts per doz.

New Crimson Tea Rose, Marion Dingee—A red Rose of American origin, resembles Agrippina in color and freedom, but is much larger. A strong vigorous grower, making a handsome shapely plant with long, thick, deep green leaves. The flowers are moderately full and produced freely on long stems. They are of great substance and durability; color, brilliant deep crimson, perhaps the richest dark Tea Rose in existence. 80c. per doz.

New White Forcing Rose, Augustine Guinois-eau. (White La France.) A Hybrid Tea; a sport from the popular La France. Under glass it comes a pure pearly white. As a garden rose the color is a delicate blush. It retains the perpetual flowering habit of La-France, and the delightful fragrance. This variety has our highest commendation. 75 cents per doz.

New Tea Rose, Golden Gate—Produces a profusion of long, pointed buds, opening to very large double Roses, of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. 80 cents per doz.

New Hardy Rose, Dr. Reymont—A cross between Gen. Jacqueminot and a Polyantha Rose. It inherits the hardiness and splendid crimson-colored flowers of the Gen. Jacqueminot—which are but little reduced in size—with the profuse blooming qualities of the Polyantha class, thus combining the two qualities most desired in a garden Rose. It is entirely hardy, ever-blooming and delightfully fragrant. 75 cents per doz.

Tea Rose, Lady Castlereagh—A distinct Rose of vigorous branching habit. Foliage large and leathery, a continuous and late bloomer. Flowers very large, full, beautifully formed. Petals thick, round and smooth. Color a soft rosy yellow, with rose color predominating on the outer edges of the petals. 80c per doz.

New Tea Rose, Prof. Ganiviat—Vigorous in growth and free in bloom. Flower double and of good form, of a fine dark red color. A rose of great promise. 65 cents per doz.

GOLDEN GATE.

New Tea Rose, J. B. Varrone—A fine grower; flower large and very double, with higher centre opening from long buds; color soft china rose, changing to bright deep carmine of even shading; an extra good rose and very sweet. Much superior to Luciole, which it greatly favors, but of a better growth and much freer in its blooming qualities. A grand new Rose. 75c. per doz.

New Tea Rose, Countess Eva Starhemberg—The bud is long in form, opening into fine double flower of great beauty and heavy texture; color, creamy yellow, shading to ochre at the centre; borders of the petals touched with rose. 65c. per doz.

Tea Rose, Mme. Martha Du Bourg—One of the most exquisite of the new Roses. The habit and foliage are beautiful; the flower is large, perfectly double, and of rounded form; the outer petals recurve at the edge, showing a nicely pointed centre; the color is creamy-white, touched with carmine or pale heliotrope on the edges; texture heavy. 65c. per doz.

New H. T. Rose, Striped La France. (Madame Angélique Veysset.) A magnificent new Rose, identical in every respect with its parent, La France, except in two particulars—it is much stronger in growth, and the flowers are beautifully striped and shaded a delicate white. 80c. per doz.

California's New Rose, The Rainbow—This is a sport from the well-known Papa Gontier. It is by far the finest striped ever-blooming Rose yet raised. The color is a lovely shade of deep floral pink, striped and mottled in the most unique manner with intense crimson, and elegantly colored with rich, golden-amber at base of petals. It makes beautiful buds, and the flowers are extra large, very sweet, and of great depth and substance. 75c. per doz.

New Tea Rose, Mme. Pierre Guillot—Moderately vigorous in growth. Flowers large and nice shape. Color, orange yellow, bordered and lined with rosy-carmine, reverse of the petals yellowish white. A magnificent variety. 70c. per doz.

New H. T. Rose, Duchess of Albany—(Red La France)—This beautiful Hybrid Tea is in the way of La France, but deeper in color, more expanded in form and larger in size. The flowers are a deep, even pink, very large and full, highly perfumed, and in all respects of first quality. The growth of the plant is exceedingly vigorous, the habit is good, and the flowers, which are thrown up well above the foliage, are produced in extraordinary profusion. 70c. per doz.

New Tea Rose, Fursten Bismarck—A very variable-colored Rose, changing from China rose color to cherry red, the whole suffused with lemon. A strong vigorous new variety from Germany. This is a very promising variety. 65 cts per doz.

New Bourbon Rose, Mrs. Paul—A vigorous and hardy variety, having a thoroughly perpetual character. Flowers extra large and of great substance; pearly white in color, sometimes suffused with delicate peach. 75 cents per doz.

New Tea Rose, Miss Wenn—A clear coral pink. A most novel shade of color. Very difficult to describe. This variety will be useful for pot culture, being a strong compact grower and a free bloomer. 65 cents per doz.

New Rose, Henry M. Stanley—This grand

MME. PIERRE GUILLOT.

new ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber rose, delicately fringed with apricot yellow towards the centre. Reverse of petals clear buff rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. 65 cents per doz.

New Hardy Hybrid Rose, Comte De Grassin—A cross between La France and Gen. Jacqueminot, and a most valuable Rose. The growth is strong, resembling that of Jacq. The color partakes of both parents, being a silvery rose, shaded carmine. The flowers are produced freely in clusters, are double of large size and very fragrant. 70 cents per doz.

Gloire De Dijon—One of the very best Roses in cultivation, and should be far more extensively grown. Habit, strong and vigorous; foliage, dark green and very thick. The flowers are large, full, and very freely produced. Color, yellow, beautifully shaded with salmon and orange. Fine for out-door culture. We have a fine stock. 75c. per doz.

New Hardy Striped Rose, Vick's Caprice—This magnificent Hybrid Perpetual is the most distinctly variegated of all hardy Roses. It is a vigorous grower, and bears large and fragrant flowers of bright rose, distinctly striped a rich crimson. Altogether a most unique and pretty variety. A Rose that always attracts attention. 75c. per doz.

New Bourbon Rose, Crown Princess Victoria—(White Malmaison.)

This Rose is a vigorous grower, with large, fine foliage, and is one of the loveliest of all Roses. The color is pure, waxy white, and to those who desire a fine double flower when fully expanded, this will meet their wants. It is an exact counterpart in everything save color of that grand old Rose Malmaison, from which it is a sport. 70c. per doz.

Tea Rose, Dr. Grill—Coppery-yellow, with fawny rose reflex. An entirely new color and one of great brilliance. The outer petals are large, round and shell-shaped, and inclose a mass of shorter petals, which are of a very brilliant color. A grand garden Rose. 75c per doz.

New Hybrid Tea Rose, La France de '89—Pronounced by all the noted French Rosarians as the most remarkable Hybrid Tea of late years. It bears long and most perfect buds; the expanded flowers are of immense size. The color is very bright, almost scarlet, sometimes lined and bordered with pure white. Still another point in its favor is the sweet fragrance—a precious trait in the Rose. 80c per doz.

New Tea Rose, the Queen—A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Ami, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds, is quite full, showing the centre but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proved valuable, both for forcing and open ground planting. A valuable acquisition to our list of pure white ever-blooming Roses. 70c per doz.

New Hardy Climbing Rose, Mary Washington—This a true ever-bloomer, with a strong climbing habit, bearing large clusters of snowy white Roses of pure fragrance. Aside from the sentiment that makes it desirable to our American cousins, it is doubtless a very valuable Rose where it proves hardy. 65c per doz.

Viscountess Folkstone

—The flowers are extra large and of pleasing form, with broad, shell-like petals and full centre; color flesh, almost white, and lustrous as satin. When in full bloom it is like a fine white Pæony, but without a suggestion of stiffness. Sweet scented. We have a fine stock of this most superb Rose. 70c. per doz.

CROWN PRINCESS VICTORIA.

Madame Schwaller—A Hybrid Tea, having the fragrance of La France, and possessing the firmness, size and texture of the Hybrids, with the freedom of flowering of the Tea class. One of the best of the new introductions and certain to please. Of globular form and rosy-flesh color, deepening towards the edges. 65 cents per doz.

New Hardy Rose, King of Sweden (Oscar II, Roi de Suede)—The almost black Rose. By far the darkest Rose yet introduced. Clear dark, rich, velvety crimson, passing to intense maroon-black. It is so intense in color as to appear at a distance as if really black.

New Polyantha Tea Rose, Clothilde Soupert—A Hybrid between a Tea and a Polyantha Rose, and almost too well-known to need description. As a bedding Rose this is par excellence, enduring sun, drought and changes of temperature with unusual indifference. It is at present the most popular and satisfactory of all Roses for pot culture. 60 cents per doz.

MADAME SCHWALLER.

Moss Roses.

	From 2½ inch pots. Per doz.	Strong 2 year plants from open ground Per doz.

FLORIST'S ROSES

FORCING VARIETIES.

From two and a quarter inch pots. Purchaser's selection, \$5.00 per 100.

MME. HOSTE	PAPA GONTIER	SOUV. DE WOOTEN	SUNSET
BRIDE	PERLE DES JARDINES	MME. DE WATTEVILLE	
BRIDESMAID	METEOR	KAISERIN AUG. VICTORIA.	

We will supply the above mentioned varieties from three inch pots in June and July, ready for benching. Prices on application.

STANDARD LIST

—OF—

EVER-BLOOMING ROSES.

Price, from two-and-a-quarter inch Pots, from this list, Purchaser's Selection, \$5.00 per 100.

FIVE OF ANY VARIETY MAY BE ORDERED AT HUNDRED RATES.

Adam—Bright carmine pink, large and full, delicious tea scent.

Blanche Rebatel (Polyantha)—Vigorous and compact grower; color, deep crimson flushed with rose.

Camoens (Hybrid Tea)—Flowers of the largest size; color, bright silvery pink, shaded with yellow. One of the finest Hybrids in existence. A strong and free bloomer.

Coquette de Lyon—A lovely Tea Rose, exquisite canary yellow.

Comtesse de Labarthe or **Duchess de Brabant**—Soft rosy flesh, changing to deep rose.

Devoniensis—White, tinged yellow; large and full; of medium growth and free flowering; the sweetest scented of all the Teas.

Etoile de Lyon—Bright sulphur yellow, rather darker in the centre; very large and full; sweet; of perfect shape; perhaps the best yellow for outside culture.

George Pernet (Polyantha)—Very bright rose, with touches of yellow and silvery-white shadings.

Hermosa—Light pink; large, full and double, grows freely and blossoms profusely. One of the best Bourbons in cultivation, combining almost all that is to be desired in a Rose. We believe *Hermosa* is the best known variety in the Rose family, and a universal favorite.

Jules Finger—Color bright, rosy-scarlet, beautifully shaded with intense crimson.

James Sprunt—Deep, velvety crimson.

Little Pet (Polyantha)—Flowers blush, changing to pure white; a free, vigorous grower and abundant bloomer.

La Princess Vera—Creamy rose, veined lilac, large and full.

Little Red Pet (Polyantha)—This is an exact counterpart of Little Pet in everything save color, which is in this little novelty a brilliant crimson.

Lamarque—Flowers of medium size, borne in large clusters, pure white and double. A most beautiful Rose.

Monthly Cabbage—This fine old variety is still in great demand; the flower is bright rosy pink and remarkably full and fragrant; a constant bloomer.

Marie Guillot—Perfection in form; flowers large and double to the centre. This variety holds first place among white Tea Roses as a bedder.

Marie Van Houtte—Pale yellow, the edges of the petals often lined with rose.

Mignonette (Polyantha)—Flowers quite small, and of regular form; plant vigorous and branching. Color white, slightly tinted with peachy pink.

ETOILE DE LYON.

Madame Sclipion Cochet

—A charmingly beautiful Tea Rose of more than usual merit. Color primrose yellow, with rose shadings. As this belongs to the Comtesse Labarthe section, its freedom of bloom is at once assured.

Madame de Vatry—Deep rosy salmon, edges paler; large, full and vigorous.

Madame Etienne—One of the very finest of clear pink Tea Roses. The texture is heavy, and the color is a warm yet delicate pink, slightly deeper on the edge of the petal. This rose is styled the Dwarf Mermet by the French growers. A gem for outdoor culture.

Mme. Joseph Schwartz—White, beautifully flushed with pink. Plant grows with vigor, is extremely free with its flowers; of medium size, cupped, and borne in clusters.

Madame Welche—An extra fine variety. Very large, double, and of beautifully rounded form. A soft, pale yellow, sometimes with short inner petals of glowing orange and copper.

Madame Angele Jacquier—Light, silvery rose shaded yellow.

Madame Philemon Cochet—A very thrifty, strong growing Tea Rose, producing cup-shaped flowers in the greatest profusion. Color, rose, shaded with salmon, suffused with a light shade.

Miniature (Polyantha)—Flowers very small and numerous; color white, slightly tinged pink.

Pacquerette (Polyantha)—A fine white variety; flowers very double and of a distinct form.

Queen's Scarlet—Dazzling scarlet; has beautiful buds which are most prized for cut flowers; sweet scented.

Roi de Cramoise—Bright purplish crimson; large, full and double, a very free bloomer, fragrant.

Regulus—A splendid rose; large, perfect form, full and double; very fragrant; color good, both for house culture and open ground.

Souvenir de Malmaison—Always in demand. Everyone's favorite, and never enough to go round. Fine for private grounds, cemeteries and parks.

Souvenir d'un Ami—Fine delicate rose, shaded with salmon; very large, full and double, exquisitely fragrant.

Sappho—Buds fawn color, suffused with rose, the opening flowers shaded yellow and buff; centres deep, bright yellow, large, full and globular.

Susanne Blanchet—Outer petals a clear flesh white, with deep flesh centre. Perfection itself in color and charmingly beautiful.

Safrano—Bright apricot yellow. Valuable for winter.

Souv. de Paul Neyron—White, beautifully tinged clear golden yellow, each petal edged with bright rosy crimson. Full and double, fragrant, free bloomer.

HYBRID PERPETUAL ROSES.

The following are strong, healthy plants, upon their own roots, grown in 2½ inch pots.

Purchaser's selection, price \$7 per 100.

Alfred Colomb—Large round flowers, very double. Color, clear cherry red, passing to bright rich crimson.

Bessie Johnson—Blush white, very fragrant. Good shape.

Duc de Rohan—Bright red, shaded crimson, large.

Earl of Dufferin—The color of this variety leaves nothing to be desired, fine velvety crimson, beautifully shaded dark rich maroon. The growth is vigorous and healthy. The flowers are highly scented, and produced in great profusion. An exceptionally fine autumnal bloomer.

Gen. Jacqueminot—Bright crimson scarlet, exceedingly rich velvety. A magnificent Rose, equally good in the bud state or open. This is the best known of all Hybrid Perpetuals, and is without a rival in fragrance and richness of color.

Geo. Washington—Rosy carmine, large, very double and of good form.

Gustave Piganeau—The flowers are very fine full-cupped buds, handsome and of excellent form; equal in size to Paul Neyron; color bright clear red, very rich and handsome; a strong, robust grower and profuse bloomer.

Lady Emily Peel—Very sweet, color white, sometimes tinged and shaded with blush.

La Reine—Beautiful clear bright rose, fine, full form, very fragrant.

La France—Beautiful rose-pink, large, double and of fine form, always in bloom, of most exquisite fragrance. Fine for forcing and a most desirable out-door Rose.

Marechal Vaillant—Purplish crimson; large, globular, full and very sweet; vigorous.

Marchioness of Lorne—Produces flowers of an exceedingly rich fulgent rose color, slightly shaded in the centre with vivid carmine; large and very sweet, full and of finely cupped shape, petals large and buds long and handsome.

Madame Plantier—Not a true Hybrid Perpetual. Blooms only in the spring, but at that time is literally covered with pure white, perfectly double, fragrant flowers, which hang on for a long time. Makes large dense bushes. As hardy as an oak. A beautiful cemetery rose.

Prince Camille de Rohan—Very dark, rich crimson, velvety-maroon, large and full; one of the best.

Star of Waltham—Deep crimson; petals of good substance, very large, full and well-shaped. An excellent garden Rose, being very hardy and free.

BESSIE JOHNSON.

Five of any variety in this list may be ordered at hundred rates.

BEGONIA METALLICA.

New Chrysanthemums.

In the following list will be found the very cream of last season's prize winners.

Achilles—A very large, bold, incurved flower, soft pink, changing to pearl white, fine foliage.

Beau Ideal—A bright rose pink, without lavender shadings, it is unequalled for purity and brightness of tone.

Challenge—Forms a perfect globe of gold, develops slowly, but finally the flower is very near perfection; a rather dwarf grower.

Eugene Dailedouze—This variety has covered itself with glory. It is a deep, clear, yellow, after the style of Kioto, but even finer, will remain good for weeks after being cut.

Inter Ocean—A seedling from Vivian Morel, but larger. Color a beautiful, glistening, pearly white, lightly suffused with pink, recurving petals of great substance.

Laredo—Deep pink, petals whorled and incurving, a fine, large and well built flower, excellent foliage.

Marie Louise—A beautiful recurving white flower, with slender interlacing petals, splendid for cutting.

Mrs. E. G. Hill—A splendid early flower of good size and form, color bright pearl pink, easily grown and the flowers remain long in perfection.

Mrs. J. Geo. Iles—A beautiful ivory white, petals recurving and interlacing, one of the best novelties of the year.

Major Bonnafton—Of a soft, clear yellow, petals incurving, full to the centre, of beautiful finish and great durability.

Mutual Friend—Pure white, reflexed, very large.

Pitcher and Manda—Entirely distinct in form, not deep, but very close, and of large diameter. Color, centre petals bright yellow, the outer five or six rows creamy white, the color sharply defined.

The Queen—The best white in cultivation. It has been a prize winner wherever shown.

Ermenilda—Outer petals reflexing with a high incurved centre. Strong foot stalks with abundant foliage well up to the bloom. Color a soft pleasing shade of pure rose pink without shadings.

Yellow Queen—The finest very early variety ever introduced, having been cut for the past two seasons in fine condition on the tenth of October. Very large clear bright yellow with extra stout stem and foliage.

Chas. Davis—An English sport from V. Morel, which it resembles in all save color, which is a terra cotta or old rose, shading to clear yellow at centre. Like V. Morel, it undergoes a great change in color as it matures, and is often found a clear yellow, which led to its being characterized as the "Golden V. Morel." A grand exhibition sort.

Price, 10c each; \$1.00 per doz; \$6.00 per 100.

In the following list will be found none but varieties of sterling merit, most of them still occupying places in the front ranks:

CARNATIONS

Florists' Varieties.

Fine Young Plants from Two-and-a-Quarter Inch Pots.

Helen Keller—Clear white ground, delicately and evenly marked with bright scarlet, of great size; flowers produced freely on stiff, long stems. 75c. per doz., \$5.50 per 100.

The Stuart—In color a very rich shade of scarlet, growth strong and vigorous, fine foliage, flower stems long and strong. 50c. per doz., \$4.00 per 100.

Wm. Scott—A beautiful pink, of a deeper shade than Daybreak, beautifully fringed, never bursts, very free and fragrant, easily grown, a most desirable variety. 51c. per doz., \$3.50 per 100.

New Jersey—Rich, bright scarlet, finely formed, borne on long, stiff stems. 50c. per doz., \$4.00 per 100.

Aurora—A fine well formed flower resembling Scott but earlier, and of a more robust habit. 50c. per doz., \$4.00 per 100.

Anna Webb—Rich deep crimson, strong, does not burst. 40c. per doz., \$3.00 per 100.

Daybreak—This variety is now too well known in the trade to require any description. 50c. per doz., \$4.00 per 100.

Emerson—Buff, striped and flaked with red. 50c. per doz., \$4.00 per 100.

Edna Craig—Beautiful pink, borne on long, stiff stems, very durable, never bursts. 40c. per doz. \$3.00 per 100.

Emily Pierson—Bears a very close resemblance to the well known President Garfield, equally good in all respects, and is two weeks earlier. 50c. per doz., \$4.00 per 100.

Fred. Dorner—An unusually large flower, brilliant red, very double and sweet. 40c. per doz. \$3.00 per 100.

Golden Triumph—A very large flower of a bright canary yellow, on long stems, good bloomer. 40c. per doz. \$3.00 per 100.

Gov. Russell—Pure white, of large size, very fragrant, long stems, a good grower. 40c. per doz.

Hector—Brilliant scarlet, medium height, strong and robust, flowers large and double. 40c. per doz., \$3.00 per 100.

J. J. Harrison—Pure satiny white, marked and shaded rose pink, very fragrant, good size, perfect form. 50c. per doz., \$4.00 per 100.

J. R. Freeman—Deep rich cardinal crimson, very fragrant flowers, with finely serrated petals, still the best of its color. 40c. per doz., \$3.00 per 100.

Lizzie McGowan—Very large pure white flowers, of fine form, considered by many Florists the leading white. 50c. per doz., \$4.00 per 100.

Nancy Hanks—A shade deeper than Daybreak, a strong grower, long, stiff stems, fine form and texture. 50c. per doz. \$4.00 per 100.

Pres. Garfield—Deep, rich blood crimson, still a prime favorite. 50c. per doz., \$4.00 per doz.

Puritan—Another pure white, fragrant, full, and of good substance, very lasting when cut. 40c. per doz., \$3.00 per 100.

Silver Spray—The well known white. Our stock of this variety is as healthy and vigorous as ever. 50c. per doz., \$4.00 per 100.

Thos. Cartledge—Closely resembling Tidal

EMILY PIERSON.

Wave in color, but superior in every other respect. 40c. per doz., \$3.00 per 100.

White Wings—A large flowering white, with many good points. 40c. per doz., \$3.00 per 100.

Clematis.

In order to meet the growing demand for these popular climbing plants, we have this season the largest stock we have yet possessed—strong, sturdy 2-year plants of the following varieties.

Duchess of Edinburgh—This is without doubt the best of the double pure whites. Deliciously scented.

Gem—Deep lavender blue; the best of its color.

Henryi—The largest and finest of all the white varieties.

Jackmanii—The best known and most valued variety of this popular family. The flowers are intense violet purple, with a rich velvety appearance, distinctly veined.

Jackmanii Superba—The same color and character as the Jackmanii, but of a much more robust habit.

Venus Victrix—Quite double, petals broad and flowers finely formed; color a delicate lavender.

40 cents each, \$3.60 per doz.

COREOPSIS LANCEOLATA.

A beautiful hardy perennial plant that is now receiving great attention as a florist's flower. The flowers are from two to three inches in diameter, of an intensely clear golden yellow. The plant commencing to bloom about the first week in June, being at once covered with a wealth of flowers, and continuing in full bloom until hard frost. By cutting the flowers as they mature, the number of blossoms will be greatly increased. We have a fine stock of seedlings that will bloom profusely this summer.

Young plants, 50c per doz.

DAISY—HARDY.

RED. SNOWFLAKE.

WHITE PRINCESS.

LONGFELLOW.

40c. per dozen.

**NEW DOUBLE WHITE DAISY.
SNOWCREST.**

The King of White Daisies.

In habit of growth and size of flowers, in comparison with older varieties is gigantic; well-grown specimens will cover a silver dollar. It may be forced for cut flowers under the same treatment as violets. 50 cents per dozen.

ENGLISH PRIMROSE.

Primula Vulgaris.

Bright canary yellow; quite hardy; delightfully fragrant. This is the true variety. Price, strong plants, \$1 per doz.

ERANTHEMUM PULCHELLUM.

A splendid winter blooming plant. Flowers of a rich deep blue color. 50 cents per doz.

MRS. E. G. HILL.

FEVERFEW, LITTLE GEM.

Beautiful double white flowers. Blooms all summer. Useful for cutting. 50 cents per doz. \$4 per 100.

Fuchsias.

The Four Varieties which are at present most useful and popular.

Mrs. E. G. Hill—The largest white.

Rosaines Patrie—Double white. Wonderfully free and early. Decidedly the best market Fuchsia.

Phenomenal—By far the largest of all Fuchsias. Color, violet purple.

Storm King—Slightly drooping habit. Pinkish white flowers. Fine for market. Very free.

We grow these varieties in large quantities. Price, 60 cents per doz.; \$4 per 100.

STANDARD KINDS.

A good assortment in about 10 varieties.

Purchaser's Selection—50 cents per dozen; \$4 per 100.

Strictly Our Selection—40 cents per dozen; \$3 per 100.

FERNS.

Nephrolepis Exaltata—(Sword Fern.) This is a most desirable Fern, upright in growth. When well grown the fronds attain a height of from 3 to 5 feet; of the easiest possible culture. 75 cents per doz.

Polystichum Proliferum—75 cents per doz.

Adiantum Cuneatum—(Ready April 15th.) 60 cents per doz.

Geraniums.

Standard Sorts—Double and Single, named from a list of over 60 first-class varieties. Special prices on lots of 500 or more. 40 cents per doz.; 3 per 100.

Bronze—Flora Hill, Zulu, Prince Henry, Marshall McMahon, Golden Harry Hieover. 50 cents per doz.; \$4 per 100.

Silver Edge—Mrs. Parker, Bijou, Snowstorm, Mountain of Snow, Mad. Solleroi. 50 cents per doz.; 4 per 100.

Scented—Peppermint, Mrs. Taylor.

Lemon, Rose and Pennyroyal—50 cents per doz.; \$4 per 100.

Ivy Leaf—In about 10 best kinds. 50 cents per doz.; \$4 per 100.

Ivy Leaf—Souv de Chas. Turner. Much the finest variety for market, being dwarf and short jointed, and very floriferous. Flowers are deep pink and very large, individual florists measuring 2½ to 3 in. across. 50 cents per doz.

Tri-color, Gold and Silver—un-named. Mixed, \$1 per doz.

GLOXINIA.

Our strain is not excelled by any. Fine large bulbs, all colors, mixed; \$1 per doz; \$6 per 100.

Gladiolus—Fine large bulbs; a choice strain; per 100, \$1.25.

Gazania Splendens (Japanese Sunflower)—Flowers rich, golden yellow, with distinct black centre, opening and closing with the sun. Very free, useful for hanging baskets; 50 cents per doz.; \$4 per 100.

PETUNIA.

Gazania Splendens Variegata—Beautifully edged with pure white on every leaf. 75 cents per doz.

Glechoma Hederacea (Nepeta Glechoma)—The variegated Ground Ivy. Very useful as a hanging plant. 40 cents per doz.; \$3 per 100.

Goldfussia Annisophylla—Dark green leaves and spikes of pale lilac funnel-shaped flowers. 50 cents per doz.; \$4 per 100.

Hibiscus (Chinese)—There is no plant so profitable to the market florist to handle as the Hibiscus. Their rapid growth into large plants and their gorgeous blossoms, continuing through the whole summer, giving a long period in which to effect sales; in six best varieties, 60 cents per doz.

Hoya Carnosa (Wax Plant)—A greenhouse climber, with beautiful white, wax-like flowers. \$1 per doz.

Helianthus Multiflorus (Double Perennial Sunflower)—No florist should be without this for cutting. Small golden-yellow flowers all summer; 50 cents per doz.; \$4 per 100.

Heliotropes—Albert Deleaux, Jersey Beauty, Mad. de Blomay, Mrs. Murray, Queen of Violets; 40 cents per doz.; \$3 per 100.

HYDRANGEA.

Otaksa—Pink, the best for forcing; 60 cents per doz.

Stellata Prolifera—Bears large panicles of deep pink star-shaped flowers; 75 cents per doz.

Thomas Hogg—The pure white variety. Our stock is true; 75 cents per doz.

Libonia Floribunda—A neat dwarf-growing plant. Flowers about an inch long, scarlet, orange and yellow; 50 cents per doz.; \$4 per 100.

Lophospermum Scandens—A handsome climber, of rapid growth, with shield-shaped leaves, and large rose-colored, Gloxinia-like flowers; 50 cts per doz.; \$4 per 100.

Ivy—Hardy varieties, assorted, 2½ inch pots; 60 cents per doz.

Isolepsis Gracilis—A very useful grass for basket and vase work; 50 cents per doz.; \$4 per 100.

JASMINE.

Grandiflorum (Catalonian Jasmine). Flowers pure white, star-shaped, exquisite fragrance, fine for cutting; 75 cents per doz.

Revolutum—Large, yellow flowers, strong growers; 60 cents per doz.

Nudiflorum—Small, yellow star-shaped flowers, in great profusion in early spring; 60 cents per doz.

Gracillimum—Exceedingly floriferous; every shoot terminates in a dense cluster of pure white flowers; 75 cents per doz.

Juncus Zebrinus (Porcupine Plant)—A distinct plant, with round, rush-like leaves from 2 to 3 feet long, transversely banded pure white and deep green. It is a semi-aquatic, but will do quite as well as a pot plant, when well watered. Good plants; 60 cents per doz.

Lantanas—Harkett's Perfection, Javor, Pluie d'Or, Michael Schmidt, Francienne, Surprise; 50 cents per doz.; \$4 per 100.

Lycium Chinese, Chinese Matrimony Vine—A vigorous hardy climbing plant, producing small purple flowers and scarlet berries; per doz., 60 cents.

Manettia Bicolor—Good plants. 50 cents per doz.; \$4 per 100.

Lavender—A well known old English plant. Flowers blue and very fragrant. Very hardy. 50 cents per doz.

Pilogyne Suavis—(Musk Vine.) A rapid climber, covering more space in a season than any other vine we know of. Has a musky odor. 50c. per doz.

PASSIFLORA.

John Spaulding—A sport from Constance Elliott. It inherits the hardiness, freedom of growth, and exquisite pure white, fragrant flowers of the parent variety, with the added beauty of foliage beautifully marked bright golden yellow.

Constance Elliott—A strong-growing, well-known variety, with pure white flowers.

Cœrulea—Large, fine, dark purple flower.

60 cents per doz.

PEPEROMIA.

Maculosa—A charming pot plant for the window or for planting in baskets or vases. It has thick fleshy foliage, with bright green ribs or veins, the intervening space white.

Resedæflora—Leaves small; numerous spikes of flowers exactly resembling white coral; constant bloomer; very handsome.

Per dozen, 60 cents.

DOUBLE FRINGED PETUNIAS

Our Unrivalled Strain.

We are able to offer this season an unusually fine stock, embracing all the colors and shades known in this class. Stock clean and vigorous.

Per doz., 75c.; per 100, \$6.

Petunia Neuner's Pink—Color, beautiful clear rose pink without shading; large, well fringed and double. \$1 per doz.

PALMS.

- Areca Baurii**—15 to 18 inches, 30c. each; \$3 per doz.
Areca Lutescens—15 to 18 inches, 30c. each; \$3 per doz.
Areca Sapida—12 to 15 inches, 30c. each; \$3 per doz.
Kentia Belmoreana—20 to 24 inches, 35c. each; \$3.50 per doz.
Kentia Fosteriana—20 to 24 inches, 35c. each; \$3.50 per doz.
Latania Borbonica—3 inch pots, 4 leaves, \$1.20 per doz.

PANDANUS VEITCHII.

Fine symmetrical plants, 50 cents, 75 cents and \$1.

PILEA.

Serpaefolia—(Artillery Plant.) Has graceful, fern-like foliage. 40 cents per doz.

Repens—Of a low growing habit. Very nice for Wardian cases or jardinières. 40 cents per doz.

Phlox—(Perennial.) In ten distinct varieties. 50 cents per doz.; \$4 per 100.

Streptosolen Jamesonii—Produces a great number of deep orange flowers in spring and early summer. 50 cents per doz. \$4 per 100.

Solanum Jasminoides—A beautiful climbing plant, with a profusion of pure white flowers. 50 cents per doz.

Salvias—Mrs. Stevens, Rutilans, Splendens, Bethelii, Splendens Alba, Greggii, Wm. Bedman, 50 cents per doz.; \$4 per 100.

Tropaeolum Double—Yellow, Orange, Crimson. 50 cents per doz.; \$4 per 100.

Vase and Basket Plants.

A fine collection, including Saxifragas, Othonna, Tradescantias, Panicum, Mesembryanthemums, Isolepis, Convolvulus Mauritanica, Acorus, Selaginella, Ivies, Nepeta, Gazanias, and many other suitable plants generally used for this purpose, the most of which are listed separately. Price, our selection, 40 cents per doz.; \$3 per 100.

VINCAS.

Major Variegata—A beautiful variegated trailing plant, admirably adapted for hanging baskets and vases leaves glossy green, broadly margin creamy white; flowers blue. Nice young plants. 60 cents per doz.; \$4 per 100.

Harrisonii—Margin of leaves rich dark green, with the central portion light green; light blue flowers. 60 cents per doz. \$4 per 100.

Tritoma Uvaria Grandiflora (Red Hot Poker)—A very desirable half hardy plant carrying spikes a foot in length from June till frost. Very attractive. Strong plants, 80 cents per doz.

VIOLETS.

Marie Louise and Swanley White—Young plants; 60c. per doz; \$4.50 per 100.

Lady Campbell—We have tested this variety thoroughly, and find that, grown under the same conditions as Marie Louise, it has bloomed much

more freely upon longer stems and is easily kept healthy. Fine plants from September runners. 70 cents per doz.; \$5 per 100.

Double Russian—This violet will not force to advantage under any conditions. It flowers well only when grown naturally and is perfectly hardy. The flowers are very large, double and deliciously fragrant. They are of a very deep shade of blue. Fine clumps, \$1 per doz.

YUCCA FILAMENTOSA.

(Adam's Needle)—Quite hardy. Throws up spikes of pendant white flowers, which remain a long time. Very desirable decorative plant. Strong 2-year plants; 15 cents each; \$1.25 per doz.
